Experience a deeper world. V-SCREEN™ offers you an enhanced viewing experience, adding a deeper dimension to your PSP games and videos.

## Patented Technology

The V-Screen's unique optical technology was first developed for the medical world, to enhance the depth cues hidden in existing images.

Now PSP users around the world can experience this Depth Enhancement Technology.

# DEEP-SCREEN

Experience  
Depth Enhancing Technology  
on Monitors, TVs and  
Digital Signage
